

ACKNOWLEDGEMENT

We take this opportunity to thank all those who have helped us by supplying data and other important information that have gone into the preparation of this Gazetteer. Our work was made easier because of the ready co-operation of individuals, Departments, Agencies &c. We trust that we shall be forgiven if for unforeseeable all-too-human oversight some of these contributions have not been properly acknowledged in the text.

We are grateful to the following establishments which permitted us to use the material provided by them freely;

The National Archives, Government of India, New Delhi

The Survey of India

The various Departments, more particularly the Development Departments of the Government of Meghalaya

The District Council of Khasi Hills

The managing authorities of the Khasi Jaintia Presbyterian Hospital and the Nazareth Hospital for the statistics provided by them.

The Shillong Bar Association for the short history of the Association

The various Welfare Organizations and Educational Institutions in the Districts, among others.

We would be failing in our duty if we did not mention Dr P.N. Chopra, formerly in charge of the Gazetteer Unit of the Government of India, for continuing to keep in touch with us even after his retirement.

Our special thanks are due to Mr Ahmed Hussain who allowed us to use his photographs which appear in this volume.

Gazetteer Cell,
Directorate of Arts & Culture,
Government of Meghalaya.

NOTE ON SPELLINGS

Khasi differentiates vowel length only in the case of a. Long a in place-names is represented by á not ā because of non-availability of this particular letter with the Press.
